2024 Participant Agreement

Ormeau Woods State High School iPad Purchase Program

In 2024, students will have the opportunity to participate in our school's iPad program. This program will engage our learners with today's technology and assist them in reaching their full potential in all areas of the curriculum.

When this occurs, the device is restored to factory settings and ownership is transferred to the student.

If the student leaves the school within the program, the total cost including Private Treaty is due and payable prior to the ownership being transferred. If the device is not paid for in full upon leaving, the device will be 'disabled' pending finalisation of finances.

It is at this time that the device is restored to factory settings. Please allow time for IT to perform this operation.

During the program and prior to transfer of ownership, the iPad is non-transferrable.

Terms and Conditions

1. Principles

1.1 In accordance with the Education (General Provisions) Act 2006, the cost of providing instruction, administration and facilities for education of students enrolled at State schools who are Australian citizens or permanent residents, or children of Australian citizens or permanent residents, is met by the State.

1.2 The School operates an iPad Program that enables a Parent/Guardian to enter into an agreement with the School and provides for the use by the student of iPad for a specified participation fee.

2. Benefits of the scheme

2.1 The purpose of the scheme is to provide the Parent/Guardian with a cost effective alternative to purchasing an iPad, through providing access to departmental-owned iPads purchased at reduced prices through the school's bulk purchasing practices. Such provision is an education service that is not met by the State under s.50 (2) of the Education General Provisions Act 2006.

2.2 Provided the Parent/Guardian agrees to opt-in to this arrangement, they will be given the right to buy the iPad when disposal occurs at the end of the agreement for a residual fee and the GST payable. This is called a Private Treaty as described in State Purchasing Policy and the Department of Education and Training's Procurement Instructions.

2.3 The scheme also ensures that students have an iPad for their education that can be safely connected to the Departmental network and saves the Parent/Guardian time and money in sourcing the prescribed materials elsewhere.

2.4 The iPad Program is not used to raise funds for other purposes, and revenue collected through the scheme is applied only to the operation of the scheme.

3. Parties involved

3.1 This Agreement is between the State of Queensland acting through the Department of Education and Training in particular via Ormeau Woods State High School (hereafter called "the School") and the Parent/Guardian in relation to provision of the iPad to the student attending the school.

The Student has been accepted into the School iPad Program for the remainder of the agreement.

3.2 In exchange for the Parent/Guardian complying with this Agreement, the iPad Program provides the Student with iPad for educational use at school.

3.3 The equipment is provided to the Student and remains the property of the School until the end of the arrangement when the Private Treaty arrangement is concluded (after a period of 3 years).

3.4 This Agreement outlines the roles and responsibilities in relation to the iPad Program and the terms and conditions which binds the parties during the term of the provision of the equipment.

4. Equipment provided

4.1 The equipment, subject of this Agreement, consists of an iPad, charger, and protective cover. These items are referred to through this Agreement collectively as the "iPad".

4.2 Each iPad will be:

- Able to be connected to the Education Queensland Network and have filtered internet and email
- Able to be used at school for student learning
- Installed with educational apps
- Managed through the school IT support team for all repairs and faults, and will be referred to Apple by the school as required – temporary access to a replacement/spare school-owned device may be provided whilst warranty repairs and claims are carried out. This is subject to availability.

4.3 At the end of the provision period, the iPad will be removed from the school network. At this time the iPads will have all apps removed and be restored to original factory settings.

11.1 Only licenced software and apps purchased or authorised by the School can be stored or loaded onto the iPad. All apps will be loaded onto the iPad by the School's IT technicians.

11.3 At the conclusion of the iPad program, all data, apps and programs will be removed from the iPad, and the iPad will be restored to the original manufacturer's settings. It is recommended that important documents, files and photographs are transferred to another device by the student prior to this occurring.

12. Repair and Maintenance

12.1 iPads are managed through the school IT support team. Our technicians will troubleshoot connectivity issues, manage applications (apps) and software updates. Should it be required, our technicians will refer any other repair and maintenance concerns to Apple, in accordance with the Apple service policies.

13. Loss or Damage

13.2 When an issued item is lost or negligently damaged, parents/guardians are responsible for payment for the full (or partial) replacement cost of the item.
13.3 If, after investigation by the School or repairer, it is found that the device has been intentionally damaged or that the student or parent/guardian has been negligent in using or caring for the device, the parent/guardian may be liable to pay full replacement cost of the device.
13.4 It is the obligation of the student to ensure that the iPad is kept in a safe place when it is taken out of the classroom.
