Ormeau Woods State High School is located just 30 minutes from both Brisbane and the Gold Coast. We are surrounded by nature reserves and walking trails, with kangaroos often seen hopping around.

Our school prides itself on the four pillars: academic, sporting, community and cultural. Students can participate in a wide variety of extracurricular activities and we offer more than 40 elective subjects including robotics and engineering. Our motto, 'Linking Learning with Life' reflects our commitment to a curriculum that includes experiences outside the classroom and where there is a strong connection between school, family and community.

We have excellent facilities, technology and equipment to provide you with a quality education, and our staff, students and families work together as a team to achieve quality learning outcomes for all. Respect for self, each other, our school and the wider community are Ormeau Woods State High School's guiding principles.
